

MEET THE

TEACHER

Hello! My name is Karen Congleton. I am the lead teacher for the 4 year old class. I have been a substitute teacher as well as a teacher assistant at several local pre-schools the past few years. I earned my BA in Child Development and Family Relations with a concentration in Elementary Education at ECU. I taught gymnastics classes through the YMCA in high school and college. After graduation I taught at Easter Seals UCP and worked as a case manager for children with special needs. For the majority of the past 13 years I have had the privilege to stay home full time with my children during their preschool and early education experience. Their current ages are 14, 12, 10 and 7. My husband encouraged me as I balanced my job as a homeschool mom and managed an art/painting business. Now that my children are all in school, I love teaching my precious 4 year olds and being a part of the Play & Grow team! I am excited to have the opportunity to watch children learn and grow while under my care!!
